

The ASSOCIATION of Colorado Rat Enthusiasts

(ACRE) was founded in 2006 to promote and encourage proper handling and care of rats. We also educate the public on their positive qualities as companion animals, and provide information on their proper care. All rat fanciers are urged to join, as the exhibitions are held under the patronage of ACRE.

Annual dues for members are: Individual or Family (same household) \$15

It is the duty of all members to support the shows, enlist new members, and do everything they can to assist and promote the progress of the Association in particular and the rat and mouse fancy in general. Your help and cooperation is greatly appreciated.

The Association of Colorado Rat Enthusiasts ACRE Membership Application

(Print this form and email it to ACRE)

email us for payment address.
